GENERATING REVENUE ON DISPOSABLE ASSETS

Johannes Mangena

Limpopo Department of Public Works, Roads and Infrastructure held an auction for assets including fleet vehicles, yellow plant machinery, office furniture as well as IT equipment, scrap material, tools, and many more which needed to be disposed for the purpose of generating income. The state auction was held from the 14th to 17th March 2023 at Capricorn, Vhembe and Waterberg districts respectively. The auction generated

an overall amount of R16,9 million which will be deposited to Provincial Treasury. The amount includes advertising costs, 2.9% for auctioneer commission and VAT on commission.

The public is encouraged to check dates of the next auction in the newspapers and government gazette bulletin.

VISION

A leader in the provision and management of provincial Land, Buildings and Roads Infrastructure.

MISSION

Optimal utilization of resource in the provision and management of sustainable social and economic infrastructure including implementation and coordination of Expanded Public Works Programme.

VALUES

The Limpopo Department of Public Works, Roads & Infrastructure prides itself on the following core values:

Accountability

Every officials will be held responsible for own action and ensuring single point accountability,

Integrity

All officials will be truthful and honest in execution of duties in their area of competence.

Professional Ethics

All officials will perform diligently with necessary proficiency in the execution of duties in their area of skills backed by acceptable moral code.

Excellence in Service Delivery'

All officials shall dedicate their energy and time strive to deliver as a joint and cooperate amongst themselves for service excellence,

Transparency

The Department will always uphold Batho Pele Principles and deliver accordingly.

Answerability

The Department will collectively take liability for poor service delivery.

A contractor appointed for the construction of a new bridge, the upgrading of 103 years old Steel Bridge in Ga-Malekana and rehabilitation of Road D2219

MEC Nkakareng Rakgoale together with other dignitaries representatives from the mines, local and district municipalities doing sod turning at Ga-Malekana Steel Bridge.

MAJOR CONSTRUCTION PROJECT—NEW BRIDGE IN THE PROVINCE

Johannes Mangena

Roads infrastructure development in Limpopo province remains a major priority as Limpopo Department of Public Works, Roads and Infrastructure together with Roads Agency Limpopo continue to work together to address roads infrastructure issues in the Province. On 21st February 2023, the provincial government held an official handover and SOD turning ceremony for the construction of the bridge of an estimated cost of R127 million and rehabilitation of road D2219 at Ga-Malekana. The memorandum of agreement signed by Roads Agency Limpopo and eight mining companies operating in the Sekhukhune District will benefit local community members and Small, Medium-sized and Micro Enterprises. On behalf of Premier Stanley Mathabatha, MEC Nkakareng Rakgoale officiated the launch of the construction of bridge project. MEC acknowledged the good cooperation between the government and private sector in working towards improving service delivery and development of roads infrastructure. She also highlighted that the

national government's declaration of flood related to national disaster will enable speed intervention to repair the 11 damaged bridges and 202 roads in Vhembe and Mopani districts as well as identified critical roads that need to be repaired. In addition, MEC announced that RAL has appointed 41 consultant engineers and 100 contractors for upgrading, rehabilitation and designs of roads in the province. Jacob Tolo from Kutollo Villager, expressed

that the Steel bridge project will have a great impact in the community with job opportunities to unemployed youth, and that they are grateful as community since there has been uncontrolled traffic during month end. He said they have been waiting for long."

2023/24 LIMPOPO BUDGET SPEECH

KEYPOINTS about LDPWRI

The Department is allocated **R4,950 billion** budget for 2023/2024

- ⇒ **R416,3 million** allocated towards new infrastructure—construction of new clinics, libraries, schools, upgrades of gravel roads to tar, centers for place of safety, nature reserves and housing development.
- ⇒ **R1,801 billion** of conditional grants allocated to Roads Agency Limpopo for roads maintenance and upgrading, partnerships and other operation costs.
- ⇒ **R25 million** for construction and maintenance of traditional council offices
- ⇒ Of the R4,950 billion allocated the following are noted:
 - **R150 million** for rates and municipal taxes
 - **R130 million** for ZCC R71 interchange road project
 - R100 million to purchase building as per Executive Committee Resolution
 - R10 million to purchase yellow fleet
 - R20 million for refurbishment of LEDET Suid Street building
 - R30 million for construction of roads at Musina Makhado SEZ
 - R6 million to install prepaid electricity meters in state owned properties

PSC ENSURING PROVINCIAL GOVERNMENT COMPLIANCE & ACCOUNTABILITY

Maboku Maponya

Public Service Commission (PSC) partnered with the Limpopo Provincial Government to host the Citizens' Forum at Mapela Stadium in Mogalakwena Local Municipality, Mokopane.

The Citizens' Forum enables the PSC to work closely with citizens and relevant key stakeholders to define the service delivery needs of the identified community and to collectively find solutions.

The community of Mapela had all the questions that they had for the government answered when a Chapter 9 Institution, the Public Service Commission visited them led by its commissioners on the 03 March 2023. Chairperson of the commission Prof Somadoda Fikeni urged all the respondents from various government departments to be honest to the community when replying to the questions so that they can develop trust in the government system.

"Section 195 of chapter 10 of the Constitution

says community must be consulted and there must be transparency". He further highlighted that it is not ok for community to ask for a clinic only to be given a soccer field, they must be the first ones to know what they have asked and what is about to be delivered.

Representatives from the Anglo American mine which is also mining in the area were present led by Ms Mosiane, the Processor. She spoke about the social development projects which the mine is doing in the area and also the employment opportunity they have provided for the community.

The provincial government led by Premier, Mr Stanley Mathabatha, pleaded with government employees to avoid turning back community members when they come to their offices in need of services even if the issues

Premier Stanley Mathabatha addressing the masses during PSC community engagement at Mapela.

in question are not of their department but instead take those concerns to the relevant department so that government's work flows or continues.

Present at the event was Kgoshi Hans Langa of the Langa Traditional Council, Members of the Executive Council, Blouberg Municipality Mayor, Council Members and representatives of Capricorn District Municipality.

MEC MEET THE COMMUNITY OF TIBERIUS

"...roads are damaged, the rainy season made things worse," said MEC Rakgoale

Khomotjo Serumula

The Tiberius Development Forum under Bakenberg Traditional Council Office met with MEC Nkakareng Rakgoale, Waterberg Executive Mayor Cllr Morris Mataboge and Mogalakwena Mayor Cllr Ngoako Tauatsoala to discuss the long awaited multiyear and phased construction of Road D3556. Only 7km was constructed on the 38,8km stretch of road that connects over 12 villages under Kgoshigadi Lekalakala and Kgosi Langa's leadership.

A SOD turning ceremony for the construction of the road was done back in 2017 held at Tiberius Sporting Ground, thereafter the project halted. The funds reserved for construction was surrendered, "but how when we still awaiting for the road" asked Mr Lekalakala the

MEC Rakgoale flanked by Cllr Mataboge and Cllr Tauatsoala

communities, officials should ensure that those commitments are implemented through proper handover to newly appointed political heads."

The department is awaiting approval of funds from the Presidential Infrastructure Grant to assist in construction of Road D3556 along with other provincial roads in the infrastructure plans. MEC Rakgoale requested the district office to regravell the road while awaiting construction and avoid doing maintenance occasionally. "We are engaging municipalities with machinery to

Secretary for the Tiberius Development Forum.

MEC Rakgoale said "political change in the department and municipalities should not affect or deviate commitments made with

maintain the road and the department providing fuel, while still awaiting procurement of new yellow fleet machinery at districts," said the MEC.

PATCHING POTHOLES— LDPWRI making a difference

Departmental Inhouse Team working at Percyfyfe Road to Mashashane to patch potholes

Khomotjo Serumula

Capricorn District office deployed three inhouse road maintenance teams to do maintenance and patching of potholes on Percyfyfe road to Mashashane. The road is used by many road users including trucks from nearby farmers.

As part of the continuing work of Thiba Mekoti Ditsileng, MEC advised district management to prioritise one cost centre at a time to make an impact on road infrastructure. "You must not do drop, attack one cost centre at a time then you know you have one capacitated cost centre," by providing them with enough machinery.

MEC Rakgoale urged road users to adhere to road signs and be patient on the road for the safety of road workers as road users do not slow down nor to adhere to the road signs and be patient on the road.

MAINTENANCE ONGOING EVERYDAY

MEC Rakgoale and Ms Mankga flanked by In-house team

Pathelia Mankga (Acting Senior Project Manager—Road Maintenance)

The EPWP In-house Programme is run internally by the department. The beneficiaries are recruited internally and assist with the maintenance activities that are conducted by our road maintenance teams at the Cost Centres. The activities include amongst others, pothole repairs, pothole patching, bush clearing, cleaning of pipes and side drains, stone pitching, installation of pipes and erection of roads signs.

Household Contractor is appointed by the department on a 36 months (3 year) contract for the maintenance of provincial road infrastructure. A target for the number of the EPWP beneficiaries that needs to be recruited over the term is included in the bid document and the beneficiaries are therefore recruited externally by the contractor. The contractor provides additional maintenance support to the the In-house Teams.

This assists the department to provide far reaching services to the communities at large. Capricorn District is currently working on road D1589 (Ga-Makgato road), D1468 (Vivo to Indermark), P94/2 (Vivo to Alldays), D1200 (Senwabarwana), P54/1(Munnik), D1356 (Ramokgopa), D3600 (Moletane-Mehlareng) and D4064 (Lebowakgomo to Mamaolo).

MEC PULLS UP SLEEVES TO CHAMPION SERVICE DELIVERY

MEC Rakgoale, Hosi Nwamitwa and Mr Maluleke during SOD Turning at Nwamitwa

Cross to Mandhlakazi, Nwamitwa and other villages in that area. MEC Rakgoale said this is part of the efforts by the department and Roads Agency Limpopo to ensure that there is improved roads infrastructure in the province. Chief Executive Officer of RAL Mr Gabriel Maluleke outlined that the project scope of work it is estimated to take up to 12 months to complete and they have budgeted R90 million for it, which 30 percent of it is reserved for

local SMMEs and 10 percent for the local labourers.

Hosi Nwamitwa II of the Valoyi Traditional Council said that they are very overwhelmed to have been remembered by the Provincial Government in terms of roads infrastructure services and assured the MEC that all the process will go well.

Maboku Maponya

Road D3248 in Greater Tzaneen Municipality, Mopani District will now receive an upgrade from gravel to tar as the contractor has been formally introduced by the MEC of Public Works, Roads and Infrastructure on the 14th March 2023 to the community and other stakeholders. This is the road which connects the Deerpark

EMANCIPATION OF WOMEN—WORK IN PROGRESS

Khomotjo Serumula

Provincial government hosted the celebration of International Women's Day under theme: "DigitALL: Innovation and Technology for Gender Equality."

The MEC Nkakareng Rakgoale was representing Premier Chupu Mathababatha for the day and she paid a courtesy visit to Ga-Matlala Traditional Authority ahead of the celebration of International Women's Day held at Setumong Sports Ground, Polokwane Municipality.

MEC Nkakareng Rakgoale addressing the participants of Provincial International Women's Day celebration at Setumong Sports Ground in Matlala-A- Thaba

...TO DENY PEOPLE THEIR HUMAN RIGHTS IS TO CHALLENGE THEIR VERY HUMANITY.....

Willy Ramollo

The 2023 Human Rights Day commemorations are held under the theme: "Consolidating and Sustaining Human Rights Culture into the Future". South Africa commemorates Human Rights Day annually on the 21st March to remind people about the sacrifices made to attain democracy and freedom.

MEC Seaparo Sekoati, while representing the Premier indicated that majority of people enjoy rights such as sustainable housing, clean portable water, free and quality education, basic income

grants, quality health care, amongst others.

The Human Rights Commission congratulated the government for ensuring the commitment in order to fight against Gender Based Violence and also ensure that they hired more South African Police Service (SAPS) officials as they will assist to fight against Corruption in the country.

These harsh living conditions are exacerbated by the gloomy economic condition globally.

"Poverty and unemployment are rearing their ugly heads, fuel prices are high, the price of food is unaffordable to the majority, and all these trample upon the human rights of the majority of South Africans," Sekoati said.

"The ongoing electricity crisis in our country has added to the immediate challenges that we need to confront as government. We are however motivated by current measure announced by President Ramaphosa, to deal with the electricity crisis" he indicated.

During the State of the Province address, Premier Mathabatha announced that

The MEC used the platform to express word of appreciation to the recent appointment of ministers made by His Excellency Mr Matamela Ramaphosa which included women born and bred from the Limpopo Province. Rakgoale said, "the appointment made by President Ramaphosa is a clear indication that government advocates for women leadership and empowerment. We thank the President for having confidence in our women to lead. We congratulate the daughters of Limpopo."

The newly appointed ministers include Ms Thembi Nkadimeng (Minister for Cooperative Governance and Traditional Affairs), Ms Khumbudzo Ntshavheni (Minister in the Presidency), Ms Maropeng Ramokgopa (Minister in the Presidency responsible for Planning, Monitoring and Evaluation) and Ms Pinky Kekana (Deputy Minister in the Presidency responsible for Monitoring and Evaluation).

Limpopo Province is in a process of finalising the Provincial master plan to mitigate the detrimental effects of load shedding.

“

Valry Kajuman from Polokwane, I believe that everyone has the right to have their dignity respected and protected in the country, have the right to achieve whatever they want to achieve in life. I am proud of being a lesbian and no one can stop me for being that because it is my right. Our government should raise the awareness to spread strong message against Gender Based Violence in order to educate people to understand that being homosexual is not a bad thing at all.

”

LIMPOPO GOVERNMENT DEPARTMENTS CHOIR TOGETHER TO REACH MORE EARS

Mr Ntobeng Motubatse, the Chair of Chairs for Limpopo Provincial Government Choir

Ntobeng Motubatse. In 2006 Mr Motubatse Ntobeng started a choir in the Limpopo Department of Transport and in 2016 when he joined the Limpopo Department of Public Works

to come on board and build one choir for the provincial government which will be able provide support to government events. "Another aim of this choir is to promote the health and wellness of government employees" Motubatse said.

However the choir is available to support provincial departments events upon request and those who wish to book it through contacting Motubatse 0152847616 / 0711015119 or can write an email to ntbengmt@dpw.limpopo.gov.za

The chairperson indicated that they are now aiming to record a few songs so that those who love their music can be able to access it always from the comfort of their homes.

Maboku Maponya

The 2023 Limpopo State of the Province Address was taken by storm when the choir made up of Limpopo Department of Transport and Community Safety and Liaison, Limpopo Department of Public Works Roads & Infrastructure and Limpopo Provincial Legislature choir serenaded them, led by

Roads and Infrastructure he established another choir which in 2017 joined their neighbours to form one group.

In 2023 the Limpopo Provincial Legislature choir joined the two departments and since then they have been singing together to all the government events they are invited to.

Mr Motubatse who is the chair of chairs said they have tried to call on other departments

NWEDAMUTSWU'S JOURNEY AS A FISHING MASTER

Johannes Mangena

It is true that a journey of thousands miles starts with a single step as Rudzani Calvin Nwedamutswu's interest for fishing earns him a Masters Protea Colours making him one of the most respected anglers in the country today.

Nwedamutswu who is a director at Limpopo Department of Public Works, Roads and Infrastructure is proud to be the first black person to achieve a status regarded as every angler's goal, he says that his journey has not been easy, as he joined the Anguilla Fishing Club and LaBeouf Fishing Club in 2019. Since 2016 he has been fishing in the Master A

category as a member of the six-man team representing Limpopo. Nwedamutswu specialises in bank angling, where one casts a fishing line from the bank of a dam.

His astonishing performance made it possible for him to achieve Protea Colour, and he is now going to represent South Africa in Namibia on the first week of November 2023. He explains that gathering information is important as it helps to know the type of

Mr R Nwedamutswu, carrying a carp during Provincial league fishing competition.

fishing equipment (size of hook) to use, the flavour to use, the surface of the dam and the weather condition, he concluded.

CELEBRATING MONTH OF LOVE ARMED WITH INFORMATION

Ms Maggie Mothiba and Ms Jenniffer Mudau from the departmental Employee Health and Wellness with employees from Dr. Sheila' Mogaila's practice

Martha Modiba

February is known as the Month of Love, with this in mind, Employee Health and Wellness, in collaboration with District Communications, saw it fit to celebrate the month with a Valentines' theme on 16 February 2023 at the Department of Public Works, Roads and Infrastructure: Capricorn District. The event was held in the Capricorn District Lapa, with all colleagues that were able to attend, including Cost Centres. The purpose was also to share important information relating to Men and Women's reproductive health, and also focus on financial challenges that go hand in hand with this Month of Love. "The focus was also to appreciate and celebrate with colleagues who may not be able to celebrate Valentine's day as individuals, but also benefit from celebrating with colleagues," explained Ms. Maggie Mothiba, from Employee Health and Wellness. "This is important for officials' mental health and for optimal service delivery," emphasized Ms. Jennifer Mudau from Employee Health and Wellness in Head Office. She further elaborated on the need to seek help when things are not going well, when responding to Post Traumatic Stressors, need to ventilate i.e. cry, rest, and get a trusted confidante or professional help that

the Department offers voluntarily and freely. Men were especially discouraged from bottling things up and seek help when facing problems. She reiterated that "No one is immune to problems and mental health is not something to be taken lightly as neglect affects the body immensely and this may lead to losing workforce".

Employees were given a presentation on the importance of structuring finances to avoid paying for similar insurances yet not having cash flow for basic necessities even getting into debt just to survive. Emphasis was also made on having a legal will, so that the estate that has been accumulated through hard work is given to the rightful beneficiaries after passing on. This service on wills has been linked with Department of Home Affairs so when client has passed, beneficiaries are assisted to claim as soon as possible.

Presentation on usage of female and male condoms was made and the importance of always being safe from sexually transmitted diseases especially in the Month of Love. "The usage of Mpesu, that are any herb that enhances the optimal functioning of

the male reproductive system should be supported and not be shunned upon," advised Dr Sheila Mogaila, a General Practitioner.

Dr Mogaila gave a presentation on a GentiShe, the menstrual cup, that is affordable, odourless, practical, environmentally friendly and easy to use, developed especially for African women. It is a one-time cost alternative that will last for up to 2 years and is available nationally. It was designed considering how expensive sanitary pads and tampons are, as on average women could spend about R3600 a year to purchase them. The dignity of less fortunate women is therefore compromised every month during "that time of the month" as they may not even afford the pads to start with. The GentiShe menstrual cup is made to be emptied only four times a day and easy to clean by only rinsing clean water. It was an eventful day that all officials greatly benefited from, and Valentines' sweets were shared and photo shoots to round up the Month of Love celebrations before on-site Tests and consultations with Old Mutual, ANOVA and Empowerfin.

39 YEARS OF INNOVATION, DEDICATION, PASSION AND INITIATIVE

“...helping people has always been my priority”

Khomotjo Serumula
A 40-year shy of a decade as a government employee, Ms MR Molema famously

Registry then moved to Human Resource, her work station was in Lebowa kgomo. She was moved to Chief Minister with Public Service Commission which centralised all personnel responsible for the recruitment process for all departments. In July of 1997, Molema was deployed to Public Works under Work Study. At her arrival she found one official working for service termination, what started as helping out due to shortage of staff, created a passion to learn more about the unit. She then approached the supervisor then Mr Masutha and initiated to get 3-4 months training at Capricorn District to learn more about service termination processes, procedures and forms. During her service at the department, she prides herself in being a member of Human Resource team that won both the departmental and provincial service excellence awards in 2018/2019 for being able to issue service

payout a month after terminations. This she said was achieved by processing paperwork of employees due for retirement 5-6 months before they out of service. One of her greatest achievement being tracking down the family of the late HOD Seoketsa Mathole who passed away with his family and other immediate family members in a car accident. She used her own resources, time and energy which succeeded after 5 years of relentless search, which resulted in finding a sister and elderly mother in North West Province to receive the GEPP pay outs. She advised staff members that “on daily activities being executed, take it serious. Don’t leave things unresolved and make follow ups with stakeholders and please don’t turn clients away.”

known as Sesi Mampshe is going on retirement. Having studied commercial subject and typing, she started working at Economic Affairs and Planning on 03 April 1984, by then her typing speed was 48-words-per-second, a record high which made other government institutions like Chief Minister, Department of Finance and Home Affairs head hunting her for recruitment. “If they were offering more money, of course I was going to consider it” joked Ms Molema. Molema started as a Telephonist, Typist, Admin Clerk at

STATE OF THE NATION ADDRESS

"We are, at our most essential, a nation defined by hope and resilience. It was hope that sustained our struggle for freedom, and it is hope that swells our sails as we steer our country out of turbulent waters to calmer seas.

Even in these trying times, it is hope that sustains us and fuels our determination to overcome even the greatest of difficulties" said President Ramaphosa.

Here's how it's broken down

- ⇒ R600 million allocated to Infrastructure South Africa for project preparation, specifically in rural and under-resourced areas
- ⇒ R232 billion value of infrastructure projects under construction by January 2023
- ⇒ Nearly R4 billion value of infrastructure projects by January 2023
- ⇒ R18 billion value of South African National Roads Agency road construction contracts awarded over the last 3 months.

- ⇒ **36000 opportunities** to be created through non-profit and community-based organizations by the revitalised National Youth Service
- ⇒ **10000 unemployed young** people appointed by Department of Home Affairs to digitise 340 million paper-based civic records

- ⇒ More than **3 million youth** registered on SAYouth.mobi (a zero-rated online platform) to access opportunities for learning

- ⇒ R1.4 billion that government, through the Small Enterprise Finance Agency, plans to provide to over 90000 entrepreneurs
- ⇒ R10 billion that government plans to establish in partnership with the SA SME Fund, to support SMME's growth
- ⇒ R7.5 billion of the R10 billion to be raised from private sector to provide for the fund government plans to establish in partnership with the SA SME Fund to support the SMME's growth

- ⇒ **R800 million** to be provided by National Skills Funds in 2023 to develop digital and technology skills through innovative model that links payment for training to employment outcomes
- ⇒ **Over 10000** Technical and Vocational Education & Training college students employed by government in 2022 and **20000 graduates** to be employed in 2023
- ⇒ **17000 to 30000 increase** in number of students in Technical and Vocational Education and Training colleges in 2023
- ⇒ **1,5 million children** received Early Childhood Development subsidy
- ⇒ **55000 ablution facilities** built by Sanitation Appropriate for Education Initiative together with government's Accelerated School Infrastructure Delivery Initiative with resources from private and public sectors.

- ⇒ **4000** hectares of state land the Department of Public Works and Infrastructure will transfer for housing

- ⇒ At least **40%** public procurement to be directed to women-owned businesses
- ⇒ More than **3400** women owned enterprises trained by government to prepare them to take up procurement opportunities
- ⇒ Approximately **R9 billion** earmarked by the Industrial Development Corporation to invest in women-led businesses

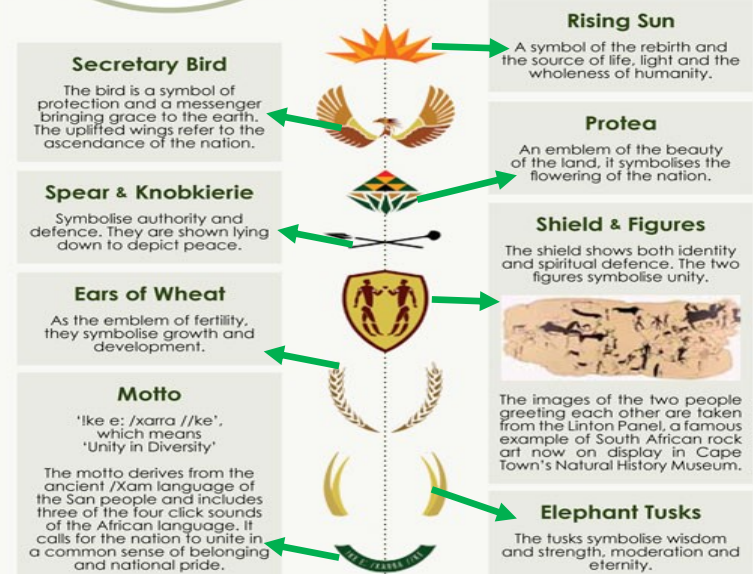

- ⇒ **187** accused persons taken to court by the National Prosecuting Authority's Investigating Directorate in 32 state capture and corruption cases.
- ⇒ Over **R7 billion** returned to State from state capture cases
- ⇒ **R12.9 billion** funds and assets frozen by February 2023
- ⇒ **R27 billion** saving that National Treasury estimates government could achieve in the medium term if it deals with overlapping mandates, close ineffective programmes and consolidate entities, where appropriate.

COAT OF ARMS

The coat of arms exemplifies creativity, strength, growth, fertility and unity, which inspire the nation to shine as brightly as the rising sun. The emblem also refers to the Khoisan people, who were the first inhabitants of the region.

In loving memory of our

Colleagues

JANUARY

Mr TR Matambuye—Head Office

FEBRUARY

Ms NJ Magabane—Head Office

MARCH

Mr RJ Mathebula—Giyani Cost Centre

Ms NA Nkansi—Giyani Cost Centre

Mr ML Raphunga—Makhuduthamaga Cost Centre

Mr MP Tshaki—Giyani Cost Centre

...words fail to express the deep sorrow of your loss....
